Cover roof in 0.7mm Rheinzink Natural Zinc laid with a standing seam joint on structured underlay.

All Eave, Verge and Ridge flashings included.

To Supply, Deliver and Fix in accordance with the above specification for the sum of **£33,920.00** (Thirty Three Thousand, Nine Hundred and Twenty Pounds) Exc. VAT

Notes

1. We have allowed for Scaffolding, Power, Skips and Secure Lock up Container.
2. We have assumed that there is sufficient insulation within the floor of the loft and that this is not being touched.
3. We have assumed that there is no asbestos within the construction.
4. We have assumed that the existing fascias, soffits and gutters are being retained.
5. Our price is based on current rates for materials and labour.
6. Programme and lead time to be agreed.
