FC 125/17 Ward Items:

a) To discuss and to agree possible solution(s) for the parking problems on Haddon, Great Holm:

When events take place at the MacIntyre Centre, Great Holm there are cars parked on both sides of the street and it is almost impossible to drive through.

The Macintyre Centre does have two (2) car parks, one (1) behind the main building and the other down by Huntingbrooke, but a resident claims that they are not being fully used during events.

(Agenda item requested by Cllr Thomas Gray)

b) A resident has got in touch with the Parish Council on the issue of homelessness who says that this matter is a growing concern for many Loughton residents, particularly on the east side as an apparently unmanaged problem in the Central Milton Keynes area spills over into adjacent residential areas such as Loughton.

The resident requests that the Parish Council discusses the issue to identify what it might do to work with Milton Keynes Council to improve the situation.

Linked to this the resident further requests that the Parish Council considers and confirm its position on reports of rough sleeping and what it regards as a satisfactory response by Milton Keynes Council.

The resident says that "Homelessness is an awful problem without many (any) simple solutions, but the situation does need to be managed in local communities - and recognising the personal security and environmental health issues that rough sleeping without access to toilets and services creates".
