Staff Responsibility

(a) Principles 1-3 - The Data Protection Act requires that personal data be processed "fairly and lawfully". Personal data will not be processed fairly and lawfully unless the individual has consented to the processing. We will mainly rely on this condition in respect of personal data requested from a member of public via a marketing activity. When requesting data, we must tell the individual what we will do with the information and ask them for their consent.

Please also refer to the Loughton and Great Holm Parish Council Privacy Policy.

Sensitive data will not be processed unless it is with explicit consent or where required for the administration of justice or legal proceedings.

(b) Principle 4 – All staff and councillors must make every effort to ensure that any personal data entered onto their computers, is recorded accurately. Staff will also be responsible for updating records as and when we receive notification from the individual/contractor/agency/or other of a change in their personal details. When we are notified of bereavement the individual's details must be deleted immediately and replaced accordingly.

(c) Principle 7 - We take security measures to safeguard personal data. This includes technical measures (e.g. password protection on the computer system) or organisational measures (e.g. door locks). The measures are designed to prevent any unauthorised access to or disclosure of personal data.

In particular, staff and councillors must do the following:

- Laptops are password protected with secure passwords containing numbers and letters. Laptops to be locked when not in use.
- IT support contractors have remote access to our computers by permission only and when used, staff should watch to ensure that access is not permitted to confidential information.
- Computer passwords are safe and are not disclosed/passed to anyone other than a fellow employee.
- Do not disclose personal data to anyone who is not a fellow employee unless the disclosure is allowed by the Parish Clerk. This includes disclosures to the police, other clients and third parties. If in doubt, take the name and address of the person seeking the disclosure and then contact the individual concerned to seek their consent to disclose or facilitate their direct contact.
- Report all security breaches or suspected breaches.
- Always shred or incinerate any paperwork that shows personal data.
- Password protect any sensitive documents.
- Any building where council work takes place must be locked when it is empty.
- All filing cabinets should be locked at the end of the day.
- Phone calls must be made within a secure environment to protect any possible transfer of data.
- The office door must be locked when not in use.

(d) Personal Data Requests & Filing – all requests by individuals or third parties to see their own or another persons' personal data held on our electronic or manual files must be received in writing. We will respond to this request within one month, to comply with the GDPR.

If a third-party requests sensitive data on an individual, we must receive consent from the individual concerned to release that data.

If an individual requests information about themselves that contains sensitive data recorded by a third party, we must receive consent from the third party to release the data.
